

Alexandria Gazette.

MONDAY EVENING, SEPT. 28, 1903.

LOCAL NEWS.

Sea rises tomorrow at 6:01 a. m. and sets 5:52 p. m. High water at 1:00 a. m. and 1:32 p. m.

WEATHER PROBABILITIES.—For this section fair, continued cool tonight. Tuesday partly cloudy; slightly warmer; light to fresh north to northeast winds.

Union Street Traffic.

An item in this column a few days ago called attention to the enormous increase of traffic on Union street in recent years, and the fact that it often occurs that shippers cannot obtain sufficient cars to meet the demands of transportation. This may or may not be the fault of the Southern Railway Company, but if they can remedy existing conditions their action will be hailed with delight by many who have shipments to make, as they are often thrown into anxiety concerning the filling of orders. It may be said in this connection that the railway company has been given almost the exclusive use of Union street, two tracks now being on that thoroughfare from one end to the other, while there are two entrances—one from the north and the other from the south; hence there seems to be no reason why shipments cannot be made with expedition. That Alexandria is becoming an important shipping point is evident to all, and it is hoped that no hindrances in the shape of impaired transportation facilities will occur to retard the city's commercial expansion. Some of the Alexandria manufacturers will soon be enlarged, but before this can be done those operating them will have to be assured that railway facilities will be ample to meet requirements. As suggested above the present condition of affairs may or may not be the fault of the railway company. Probably the managers are doing the best they can under the circumstances, but the commercial portion of the community is anxious to see more expedition in shipments, and hope a new order of things will not be long deferred.

Fine Entertainment.

"The Assembling of the Nations," which is to be held in the Opera House under the auspices of the "Society for the Restoration of Historic Alexandria" on October 6th and 7th, will be one of the most superb entertainments given here in years. Columbia will introduce to the audience Scotland, Sweden, Ireland, Germany, Japan, and Uncle Sam and the United States. These countries when presented will introduce some of their national songs and dances. The board of managers having charge of the affair have been fortunate enough to secure the efficient services of Medames T. Marshall Jones and M. W. O'Brien as directresses. Sixty well-known young ladies will represent the different countries. The second part will be a sprightly comedy in three acts, entitled "Mother Goose Jingles." It was originally intended to give the entertainment only one night, but so many requests for seats have been received that the Opera House was secured for two nights. A rehearsal of the extravaganza will be held tonight at Miss Norton's residence, corner of Prince and Washington streets.

Virginia Horses to the Front.

At the recent Bryn Mawr, Pa., Horse Show which closed on Saturday last, and which was a brilliant affair, the horses of Mr. Courtland H. Smith, of Alexandria county, stood in the front rank of prize winners. It was principally in the hunter classes that they took the lead. In the light-weight hunter championship, Up-to-Date bore off the palm, also winning first in light-weight qualified hunters. Lucy Sutherland, Tip-Top, Chappie Lee and others carried off the ribbons in fine style, scoring for their owner on Saturday, with 10,000 persons present, four first prizes and six second prizes. The weather was fine and it is estimated by Philadelphia papers that at least 30,000 interested spectators witnessed this very successful horse show. Much of the success of the horses from Hampton Stock Farm is due to their careful schooling and to the untiring industry of their owner and rider.

Burglars Around.

Mr. Williams Simmons, living on Lee street, between Franklin and Jefferson, had his attention attracted to a suspicious noise in the yard of his premises about one o'clock yesterday morning. Procuring a revolver, Mr. Simmons opened a rear window, when he described the figure of a man moving about on the premises. He fired the pistol, and the man ran around to the front of the house. Simmons hurried to a front window and got another shot at the fleeing figure but failed to stop him. About three o'clock this morning a stranger entered the premises of Mr. Jas. H. Beach, living on the same street. His movements attracted the attention of neighbors, and he was scared off. Officer Young has a description of the burglar and is endeavoring to find him.

Fell Through a Trestle.

Mr. Thomas Spicer, clerk in the dispatch office of the Washington-Southern Railway, fell through the trestle over Hoo's run last night and was painfully though not seriously injured. He was attended by Doctor Smith.

Must Tell About It.

It is plainly useless to have things or services for sale unless the public shall be informed about it. Of all ways of making an impression on the public mind the newspaper announcement must be the most effective, because it reaches the largest number, and those who read it are in search of information.

Personal.

Mr. M. T. Dwyer is seriously ill with typhoid fever at the Alexandria Hospital. Mr. Zora Hill has returned from New York where he spent the summer.
Mr. A. W. Melchior, of this city, has secured a position as a member of the exposition guards at St. Louis.
Mrs. William Lannan Unduch, of Baltimore, is visiting her parents in this city.
Mr. James E. Caton, who is a member of the legislative committee charged with the revision of the laws of Virginia, has returned from Richmond and will spend a few days at his home in this city.
Miss Florence Davidson has returned from a visit to Markham.
Miss Greta McCoy, of Riverton, is visiting Miss Sallie Kemper on Washington street.
Miss Carrie Wise, of Seminary Hill, has returned from a delightful trip abroad.
Bishop Penick preached an interesting sermon in the Theological Seminary Chapel yesterday.
Mr. M. T. Dwyer is quite sick at the Alexandria Hospital with fever.

Accidents to Locomotives.

The right driving wheel of engine No. 951 of the Southern Railway was broken from the axle at the depot in this city shortly after ten o'clock Saturday night. The locomotive had been attached to a northbound passenger train and when the engineer opened the throttle the wheels slipped and spun around with the result given above. Another engine was procured and the train proceeded to Washington.
The cylinder head of a locomotive attached to a southbound train blew out shortly after starting from the Southern Railway yard yesterday morning. Another engine was substituted, after which the train proceeded on its way.

Police Court.

[Mayor G. L. Simpson presiding.]
The following cases were disposed of this morning:
Alonso Scivers, arrested by Lieutenant Smith for drunken and disorderly conduct, forfeited \$5 collateral by failing to appear.
John Dogan, colored, arrested by Officers Garvey and Smith charged with disorderly conduct and fighting, was dismissed.
Hattie Conway, colored, arrested by the same officers on a similar charge, was fined \$5.
Presley Letbetter, arrested by Lieutenant Smith for drunken and disorderly conduct, was fined \$5.
A man, arrested by Officer Allen charged with assault, was dismissed.

Colored People in a Row.

There was a large gathering of colored people at Quantico yesterday. They came from every point of the compass, presumably to attend a religious meeting. The place of worship was too contracted to accommodate the crowd, and when the rain set in many got wet. Conditions later grew monotonous and a fight was precipitated in which a large percentage of the assembly participated. No knives, pistols or razors were in evidence, only nature's weapons being brought into requisition. No one seems to have been seriously hurt, although the combatants fought until they became tired.

Death of an Elderly Lady.

Miss Ellen Whiting, who had for some time been an inmate of the Alexandria Hospital, died at that institution shortly before noon yesterday. She was 86 years old. She was a daughter of John Carlyle Whiting, who was a grandson of John Carlyle, who built the Carlyle house in this city, and was born at "Toborwald," in Alexandria County. The deceased was a cousin of Col. Arthur Herbert. Her funeral will take place from the Alexandria Hospital tomorrow morning at 11 o'clock.

County Court.

[Judge J. M. Love presiding.]
The grand jury was sworn, but up to 3:15 p. m. it had made no report.
The cases of the condemnation of land for the Fairfax road were continued except that of J. B. Henderson, who, through his attorney, J. E. Clements, withdrew objections.
Com. vs. H. C. Jones, charged with shooting a gun on a public highway; appeal from a magistrate's decision; case in progress.
Contribution for Sterilizer.
One hundred dollars has been contributed toward the purchase of a new sterilizer for the Alexandria Hospital. As was stated Saturday, this contrivance is the sine qua non of such an institution, and the many good friends of the hospital will doubtless not be long in making up the sum sufficient for its purchase. It is to be used solely on the surgical instruments, gowns &c.

Fall Opening.

A cordial invitation is extended to all at the fall opening at D. Bendheim & Son's store on Tuesday and Wednesday. The most beautiful collection of new fall goods will be displayed. The large Columbia disgraphophone will be on exhibition tomorrow. All the popular airs will be played during the day and evening.
Smothered to Death.
A colored female infant was found dead in bed in a house on south Columbia street yesterday morning. The child was to all appearances well and hearty Saturday night, and Dr. Purvis, the coroner, was called in. From all that could be learned it was evident that the child had been accidentally smothered by its mother during the night.

Yesterday.

The weather yesterday was warm for the most part. There was a light rain in the afternoon, accompanied by some thunder and lightning, and about six o'clock the wind changed to the northwest, when the temperature fell somewhat. The day was quiet throughout. About the average number of persons attended the different churches.
Old Dominion R. R.
Senator Elkins, and several stockholders of the Old Dominion Railroad Company, which is to construct a line from Great Falls to Rosslyn and over the Aqueduct Bridge into Washington, have decided to begin the work of constructing beds for the tracks within the next thirty days.

MEDICINAL.

More Evidence.

It Is Coming In Rapidly In Alexandria.

Evidence on the following subject will prove of interest to every Alexandria reader. So many people go through the same experience daily. This public statement should be proof positive to every wavering doubter. Read it carefully.

"Geo. W. Elliott, oyster dealer, on Princess street, living at 123 Prince street, says: 'If a severe aching across the small of my back at times very severe and of late constant, some of the attacks so pronounced that I could scarcely get around and which often persecuted me with sharp twinges and kept me awake at night for hours, forcing me to rise in the morning devoid of energy, is any indication of kidney complaint then I had it far too long to be pleasant. The sections from the kidneys were unnatural, distressing and irregular and I was constantly on the outlook for some means to check the trouble. When suffering unusually I happened to read an advertisement about Doan's Kidney Pills and was readily induced to go to E. S. Leadbeater & Sons' drug store for a box. Before I completed the treatment the difficulty with the kidney secretions disappeared, and when they returned to their usual condition the backache stopped.'
For sale by all dealers. Price 50 cents a box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name Doan's and take no substitute.

Corporation Court.

[Judge L. C. Barley presiding.]
Margaret Breen was appointed administratrix of the estate of Mary Ann Downey.

LOCAL BREVITIES.

Considerable hail fell between this city and Mount Vernon yesterday evening.

The annual inspection of the Alexandria Light Infantry will be held next Friday night.

A deed from Mr. A. A. Warfield conveying to Mr. J. T. Wilkins a house and lot on the north side of Cameron street, between Columbus and Alfred, was recorded in the clerk's office today; consideration \$4,500.

The horse attached to McKenney & Bro's wagon ran away on Duke street this morning. Mr. Leo McKenney, who was in the vehicle, was thrown out, but he fortunately escaped serious injury. The horse was stopped near Lee street.

The funeral of the late Frank Dainty, who died suddenly Friday night last, took place from his late home on north Alfred street at 3 o'clock yesterday afternoon. The services were conducted by Rev. P. P. Phillips, and the interment was in Bethel Cemetery.

FATAL ACCIDENT TO MINISTER.

Rev. Samuel A. Wilson, one of the most prominent members of the Baltimore Conference of the Methodist Episcopal Church, was run over and fatally injured by a street car of the Roland Park line in Baltimore yesterday about 2:30 p. m., dying about an hour and a half afterward. The accident took place at the corner of Roland and Upland avenues, Roland Park, just where the cars turn to go into the barn. Mr. Wilson had attended church in the morning at Roland Park and had taken dinner at the home of Mr. George E. S. Leno, down the father of his son's wife. At the time of the accident he was on his way home from Mr. Lansdowne's home to the residence of Mr. R. Tynes Smith, Rowland Park, and was crossing the track when the car struck him. His right leg was severed at the knee and his left foot and ankle were crushed, the bones being ground into bits. He was at once carried into the car barn near at hand. Dr. H. F. Cassidy, of Roland Park, arrived in a few minutes, and in his care and that of Mr. Philip Scantling, of Washington, he was put upon a special car and hurried to the City Hospital. There he died about 4 p. m.

Stomach Trouble.

"I have been troubled with my stomach for the past four years," says D. L. Beach, of Clover Nook Farm, Greenfield, Mass. If you have any trouble with your stomach try a box of these Tablets. You are certain to be pleased with the result. Price 25 cents. For sale by Richard Gibson.
